ISSUED T COUNCILMAN

Well Charged With Manslaughter Auto Accident.

Tribune.
March 30.—Charging in-
sulting, warrants were
issued against William C. Howell,
John and George Lar-
son, and a man named
Kennedy, in connection
with an automobile accident in
Faut, a horseman, was
killed last night.

The shooting occurred shortly after 3
o'clock in a negro dive at the rear of
121 Twenty-fifth street, occupied by Wil-
liams and his wife. The Brown woman
was arrested and taken to the police
station, where she is held pending the
filing of charges against her. She told
the officers that she received \$100 from
her relatives yesterday, and this fact
became known to Williams and his wife,
who gave her a hypodermic injection in
her arm for the purpose of stealing the
money.

The Brown woman, who is known in
police circles as "Little Bit," is a boarder
at the Williams home. Both Williams
and his wife, as well as the girl, are
"hop heads." According to the girl's
story, when Williams and his wife
learned that she had the money, they
began planning to rob her. During the
night, they each used the "hypo" freely,
and along about daylight, the Brown
woman declares, an injection
concentrated on her, was pumped into
her arm by Williams' wife while Williams
held her.

The Brown girl says she walked around
the city all day trying to get off the
effects of the solution forced into her
arm, and when she could bear the pain
no longer, she returned to the house and
procured her revolver, shot Williams.
Williams is known as "Greek" by the
local police. He obtained this cognomen
from the fact that he has acted as a
Greek interpreter for some time and also
speaks several other languages fluently.
Dr. Ries, the city physician, attended his
wound, which is not dangerous.

afterwards.

Mr. Leedom was born in Ohio forty-
eight years ago and came to Ogden six-
teen years ago to accept a position as

later he opened the Palstaff cafe, with
which he ran this popular res-
taurant until death.

Mr. Leedom is survived by his widow
and a nephew, living in Ogden, and his
mother, whose home is in Lawrence,
Kan. The Order of Eagles and the Red
Men probably will take charge of the
funeral arrangements being made.

ees of Ogden and most of the busi-

THE ONLY WAY

Many Salt Lake City Citizens Have
Discovered It.

Just what to do when the kidneys are
affected, is a question that concerns
both young and old. Weak kidneys
neglected in childhood lead to life-long
suffering. People of advanced years,
with less vitality, suffer doubly. In
youth or age, languor, backache, urina-
ry irregularity, dizziness and nervous-
ness make life a burden.

There is one remedy that acts directly
on the kidneys and cures these trou-
bles. Doan's Kidney Pills owe their
world-wide fame to the fact that they
cure sick kidneys and cure them perma-
nently. Follow the example of this
Salt Lake City citizen and you will be
convinced that this is so.

George Brantner, 255 W. Seventh
South St., Salt Lake City, Utah, says:
"Doan's Kidney Pills proved of great
benefit to me in 1906 and at that time
I gave a public statement recommending
them. I am glad to confirm that re-
commendation at this time, and add that
when I have suffered from kidney trou-
ble, brought on by a cold or over-exer-
cise, Doan's Kidney Pills, procured at
the Schramm-Johnson Co.'s Drug Store,
have never failed to bring relief. I am
gratefully indebted to this remedy and am
always ready to say a word in its fa-
vor."

Big Sugar Plant in

Salt Lake will head a party of capi-

vier River, Land and Water company,
which will be opened next month.
regulations April 11, and it is probable
that they will register for a large acre-
age to be taken over for the cultiva-
tion of sugar beets.

The officials of the sugar company
have practically determined to estab-
lish a beet sugar factory at Lynyrd, and
they will be on the ground to let con-
tracts for beets to the first settlers on
the tract.

Alex McPherson, the soil expert, who
is local manager for the H. L. Hollister
company, in charge of the colonization,
says the tract to be opened next month
contains many thousands of acres of
land which is perfectly adapted for su-
gar beet raising.

MANY CORPORATIONS IGNORE EXCISE TAX LEGISLATION

WASHINGTON, March 30.—One thou-
sand corporations in existence at the time
of the enactment of the new tariff law
last summer failed to make returns to
the internal revenue bureau under the
provision imposing a tax of 1 per cent
on their net incomes above \$5000, it was
said today.

A number of corporations disregarded
the statute to submit such returns by
March 1, and they will be subjected to
heavier penalties, others obtained an ex-
tension of time, while in numerous cases
the organizations had disclosed before the
calendar year. As to illicit Attor-
ney General Wickham has been asked
for an opinion, on which depends the
question whether action shall be taken
for the recovery of the taxes which they
should have paid.

About \$2,000,000 has been paid to the
treasury on account of the corporation tax.

M. Ross of North Branford, criticiz-
ing Ross for acquitting Albert Holl-
ister, a saloon keeper, on charges of

HIGH SCHOOL NOTES

The tryouts to select representative to
the interscholastic oratorical con-
test will be held at the high school
April 20. Axel Madison, the winner
of the state contest last year, is ex-
pected to represent the high school
this year. The block letter "H" pins
will be awarded the winners of the
tryouts immediately after the decision
is announced. This opens a new field
for the winning of an "H" and much
is expected as the result.

The members of the debating team
with the manager and coach, will be
awarded their "H" pins the present
week. This is expected to create a
greater interest in the debating world.
Since the athletes are not given pins
in the form of an "H," this is no in-
fringement upon their rights, and it
places the educational on a par with the
athletic.

The cadet battalion was formed
Wednesday afternoon and order 9 an-
nounced. Capt. Leroy Warthman was
appointed. Capt. Leroy Warthman was
Lieutenant Arthur Doran, captain of
company A, and Quartermaster Wil-

sophomore dance will meet Thursday
noon and decide upon a decoration
scheme for the dance to Friday evening.
Captain Webb has completed a de-
tailed report of the cadet dance and
has placed \$109.75 in the battalion
treasury.

It will be necessary to purchase at
least 125 new dress uniforms for the
cadet battalion for spring drill. This
includes the repairing and doing of the
old uniforms will require close to \$300.
Work on the new athletic field will
be pushed the remainder of the week.
Coach "Dad" Conville of the baseball
team will survey a new diamond,
which will be completed the first of
next week.

day remarked, "The senate be damned."
